THE HB LINE OF BOATS IS ARGUABLY THE MOST VERSATILE BOAT EVER BUILT.

The Caymas 26 HB does it all for the serious fisherman and adventure seeking family. Our hybrid (HB) boats are the perfect blend between a bay boat and an offshore center console. Whether you want to go deep and target pelagics or fish the backwaters in 16" of water, our HB series boats do both exceptionally well.

Serious fishing starts with oversized 35 gallon livewells, ample storage tackle, large bow and stern casting decks, and a 90-gallon fuel tank to get you to the farthest fishing grounds and back.

The Caymas 26 HB is designed for family fun and a day's comfort with cushioned bow U-shaped seating, centerline flip up stern seating, bow and stern cooler options, up to 8 speaker stereo, and a standard porta potti in the console when nature or a change of clothes is called for.

See for yourself how the Caymas 26 HB enjoys the best in marine fit and finish, utilizing the highest quality marine hardware and craftsmanship. The Caymas 26 HB can be rigged with a Yamaha, Mercury, or Suzuki outboard up to 400 horsepower. The boat will provide great memories and a phenomenal ride.

SVVT® HULL PROVIDES 15% INCREASE IN SPEED COMPARED TO CONVENTIONAL "V" HULL CONSTRUCTION

CONSTRUCTION

- Patented Michael Peters double Stepped V Ventilated Tunnel (SVVT) running surface
- Limited lifetime hull warranty
- 3-year limited component warranty
- 100% composite construction - no wood
- Tri-Core composite transom
- High performance resin and barrier coat
- Hand-laid fiberglass hull
- Zero-flex fully foamed finished stringer grid system with integrated chase tubes
- Premium gelcoat, Pure White, with UV inhibitors
- Fuel tank 5052 aluminum
- Plumbing and electrical systems tank tested

CONSOLE / HELM

- Custom fully finished fiberglass console with large access door
- Custom console with recessed footrest and storage box
- Porta Potti
- Edson® stainless steel comfort grip steering wheel with power knob and tilt steering
- SeaStar hydraulic steering
- 8 stainless steel vertical console rod holders
