Marine industry icon, Earl Bentz, challenged the dedicated Caymas manufacturing team to develop a tournament-level high performance boat to blow past the competition; and that's exactly what they accomplished.

The CX 21 Pro takes fishing to the next level, giving an enhanced competitive edge to the CX 21 model and effectively combining some of the most sought-after tournament industry features into full packages. This model is quickly becoming known for its superior rough-water handling capabilities, coming tournament loaded with a Lowrance Ghost 47" trolling motor, two 12" Lowrance HDS Live Units, and two 8' Power Pole Blades.

This is in addition to all of the features that are included in the CX 21, which include waterproof fiberglass compartments, 250 HP engine, large fuel payload, room for multiple batteries, and a massive comfort-padded front deck.

As if the CX 21 model wasn't already impressive enough, the CX 21 Pro is here to offer the most enhanced features that you could ask for in a tournament boat, allowing you to always stay one step ahead of your competitors. Check out the CX 21 Pro at your closest dealer today!

*Pictured boats may have optional equipment
