A NEW BREED OF PERFORMANCE AND INNOVATION TAILORED TO THE
HARDCORE ANGLER WHILE KEEPING THE FAMILY IN MIND.

The Caymas 34 CT is the newest model in the revolutionary Caymas lineup.

Sometimes you need to disrupt the industry and create something new. At Caymas, we pride ourselves in innovation and customization, offering the highest level of quality for competitive fishermen and everyday anglers. The same excellence you have come to expect from Caymas is coming to the new Catamaran lineup. This is a new breed of performance and innovation tailored to hardcore anglers while keeping the family in mind.

The 34 CT won't know or understand boundaries and will be ready to take anything Mother Nature throws its

way. With the double stepped, semi-asymmetric hulls and plenty of bow flair, you can fish in comfort through water you'd never brave with another center console in its class. The 34 CT contains six insulated plumbed storage boxes, totaling 3,000 qt of storage connected to macerator pumps. With two storage compartments forward, two mid-ship, and two in the cockpit floor, you can choose where you want to utilize the space for storage versus fishboxes. A 70 gallon transom livewell is standard, with options to add two 25 gallon livewells alongside, as well as plumbing the two after insulated storage boxes as livwells, for a total of 5 bait tanks all fed by a Hooker sea chest and Hooker electric pumps.

*Pictured boats may have optional equipment

A NEW BREED OF PERFORMANCE
AND INNOVATION.

CONSTRUCTION

- Ride Dynamic Ventilated Stepped (RDVS) running surface
- Limited lifetime hull warranty
- 3-year limited component warranty
- 100% composite construction - no wood
- Tri-core composite transoms
- High performance resin and barrier coat
- Hand laid fiberglass construction with foam core
- Zero-flex fully foamed finished stringer systems with Integrated chase tubes
- Premium gelcoat, Pure White, with UV inhibitors
- fiberglass deck liner with integrated gutter system and self bailing cockpit
- Custom nonskid walking surfaces
- Fuel tanks (2) 5052 aluminum
- Blackwater holding tank
- Plumbing and electrical systems factory tested

CONSOLE/HELM

- Fiberglass hardtop with integrated powder coated aluminum supports, aft and fwd facing Lumitec® spreader lights, (7) rocket launchers, overhead electronics pod with storage, molded in radar pod and (4) overhead lights, easy access pass through hatch, (4) speaker pods, and 3-sided custom glass windshield with electrically actuated windshield vent
- JL® Audio MM50 marine stereo (AM/FM, Bluetooth, NMEA 2000) with (8) 6.5" M6 speakers
- Custom Frigid Rigid® cooler with electric actuator provides rear facing seating with backrest
- Forward chaise lounge seating with armrests integrated into console with dry storage, (2) large cup holders, grab handles, and (6) rod holders
- Leaning post with (5) rod holders, (5) large cup holders, custom tackle system including cutting board, knife holders, tackle storage
- Custom port and starboard tackle storage systems with Plano® storage and leader holders
- Fiberglass entry door to console with heavy duty stainless steel locking door hardware
- Electric porcelain head plumbed to holding tank with overboard discharge
- Large cup holders on helm (2)
- Glove box at helm with USB charging outlet and 12V plug
- Edson® polished stainless comfort grip wheel with tilt and power knob
- Dash accommodates (2) 17" screens
- Hinged console helm station for easy access to the backside of helm for electronics and rigging
- Helm seating with flip up bolsters, arm rests, and (2) cupholders
- Windshield wiper
- Elevated helm station
- Compass, flush mounted at helm

BOAT SYSTEMS

- Pressurized transom live well with custom Caymas acrylic lid, dual fill with adjustable drain and overflow, painted blue
- Hooker® sea chest live well system: (2) 2500 GPH variable speed Hooker® pumps and helm control knobs with custom high-speed pickups port & starboard
- Windless with custom anchor and bow roller
- Custom fuel manifold valve systems above deck for easy access and operation
- 7" digital engine gauge for engine package
- Push button start for engine ignition
- Electric trim tabs with LED control at helm station
- Stainless steel push-button switches with custom backlit acrylic panel
- Battery chargers located in leaning post
- Battery distribution panel in leaning post with remote battery switches and charging relays
- Circuit breaker protected tinned wiring and custom panel with ignition key switches inside console
- LED anchor light and navigation lights integrated into hard top
- LED cockpit courtesy lights
- LED interior console lights
- LED compartment lights
- LED livewell lights
- LED under gunnel lights
- Aft (4) 1500 GPH bilge pumps connected to automatic float switches and manual operation through stainless steel dash switches
- Mid-ship (2) automatic bilge pump
- Deck pump-out for holding tank
- Whale® Gulpur Grouper macerator pumps (6) for all insulated in-deck storage boxes
- Freshwater washdown, in stern and in anchor locker
- Stainless steel props

COCKPIT

- Recessed stainless steel bow rail
- Self-bailing cockpit with (4) large cockpit scuppers and custom stainless steel Caymas branded cover plate
- Stainless steel lid pistons on floor deck hatches
- Friction hinges on above deck hatches
- (6) GEMLUX® Bluewater rod holders in gunnel
- (4) GEMLUX® Bluewater rod holder/cup holder combos at bow
- (5) GEMLUX® Bluewater rod holders at transom
- Under gunnel rod storage
- Starboard tackle storage with fire extinguisher
- Port Integrated trash can with fire extinguisher
- Port and starboard bow under gunnel storage
- Bow port and starboard storage boxes with LED lights
- Insulated transom storage boxes port and starboard
- Custom white marine upholstery for console chaise lounge, integrated bow folding seats, coaming bolsters, and cockpit cooler seating
- Raw water washdown with integrated hose holder

DECK & HULL

- Stainless steel 10" pop-up cleats (8) - stern, mid-ship and bow
- Stainless steel through hull fittings
- 316 stainless steel hardware
- Integrated 4 step ladder
- Finished hatch lids on both sides and include stainless steel compression latches, lid seal gaskets and gutter drains
- Aluminum backing plates glassed in for seats, cleats, rails, rod holders and tops
- Custom stainless steel rub rail
