OUR MODELS

CATAMARAN HULLS

With our RDVS (Ride Dynamic Ventilated Stepped) semi-asymmetric, double stepped hulls, and aggressive bow flair, you can fish in comfort through water you'd never brave with another center console in its class. Our unique hull design allows for greater lean-in performance when turning, and the integrated sneeze deflector keeps you dry when conditions get tough. Combined, these design elements provide you with an exceptionally smooth, dry ride both at speed and at rest.

VEE HULLS

For over 40 years, Earl Bentz has designed high-quality performance fiberglass fishing boats, which offer:

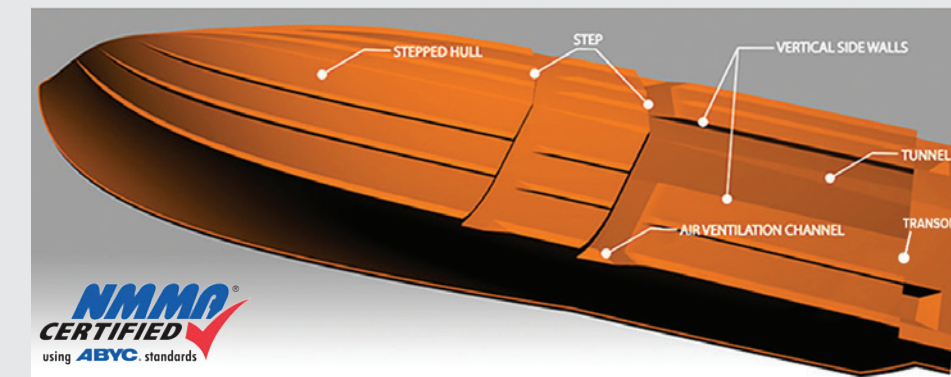

SVVT hulls are visually unique from other hulls. The SVVT hull provides clear owner performance advantages to conventional V hulls or generic stepped hulls.

SVVT HULL PROVIDES AN INCREASE IN SPEED AND EFFICIENCY COMPARED TO CONVENTIONAL "V" HULL CONSTRUCTION

Even the Navy Chooses SVVT Hulls

It is not only Caymas Boats that believes in these hulls. The United States Navy has adopted the SVVT hull design for boats in their fleet as well. The Navy chose the SVVT hull because it delivers on speed, safety, and a ride that minimizes discomfort and therefore fatigue.

STEPPED VEE VENTILATED TUNNEL PERFORMANCE ADVANTAGES

Low Resistance (Drag)

- An Increase in Speed
- Quicker Acceleration
- Lower Planing Speeds

Load Carrying Capability

- Greater Payload
 - Wide Longitudinal
 - Center of Gravity
- (Boat remains stable as passengers move from bow to aft)

Directionally Stable

- Reliable
- Maneuverability

Low Dynamic Motions

- Stable Ride Trajectory
- Decreased Slamming

34 CT

THE CAYMAS 34 CT is designed for competitive and everyday anglers. With up to 900 HP and a 436-gallon fuel capacity, it's built for any challenge. It integrates chaise lounge seating and generous storage space, providing both functionality and features suitable for families.

SPECIFICATIONS

401 CC

THE CAYMAS 401 CC is a powerhouse for serious anglers, offering up to 1800 HP and a spacious cockpit. Twin 45-gallon transom livewells and 450+ gallons of fish box storage meet all your fishing needs. An elevated helm, enclosed cabin, and optional Seakeeper 3 contribute to greater comfort when the conditions change.

*Pictured boats may show optional features

Rear facing mezzanine seating

Chaise lounge with storage underneath

Optional U-Shaped bow seating

Ladder back release marine helm chairs

341 CC

THE CAYMAS 341 CC offers a 65-gallon transom livewell and oversized fish boxes for the dedicated angler. The elevated helm and 10-foot beam out paces the competition when it comes to room and deck space for a boat in this class. Integrated bow seats, lockable rod storage, and amenities like a porcelain head add more versatility and comfort.

SPECIFICATIONS

Twin and triple engine configurations are available

Standard anchor and windlass is concealed below the deck with controls at the helm

Standard 3 sided glass enclosure with electric window vent and wiper

Sand Dune Upholstery Package

Optional rear fold out bench seat

Gunnel rod storage

Port-side entry to head & tackle storage

281 HB

THE CAYMAS 281 HB combines pro-level fishability with family comfort. Its unique hull design ensures speed, while a 150-gallon fuel tank and 35-gallon livewells make it ideal for long offshore runs and shallow fishing. A 9'4" beam and high freeboard provide a new level of safety and easy movement around the deck.

SPECIFICATIONS

CONSTRUCTION

- Ride Dynamic Ventilated Stepped (RDVS) running surface
- Limited lifetime hull warranty
- 3-year limited component warranty
- 100% composite construction - no wood
- Tri-core composite transoms
- High performance resin and barrier coat
- Hand laid fiberglass construction with foam core
- Zero-flex fully foamed finished stringer systems with Integrated chase tubes
- Premium gelcoat, Pure White, with UV inhibitors
- Fiberglass deck liner with integrated gutter system and self bailing cockpit
- Custom nonskid walking surfaces
- Fuel tanks (2) 5052 aluminum
- Blackwater holding tank
- Plumbing and electrical systems factory tested

CONSOLE/HELM

- Fiberglass hardtop with integrated powder coated aluminum supports, aft and fwd facing Lumitec® spreader lights, (7) rocket launchers, overhead electronics pod with storage, molded in radar pod and (4) overhead lights, easy access pass through hatch, (4) speaker pods, and 3-sided custom glass windshield with electrically actuated windshield vent
- JL® Audio MM50 marine stereo (AM/FM, Bluetooth, NMEA 2000) with (8) 6.5" M3 speakers
- Custom Frigid Rigid® cooler with electric actuator provides rear facing seating with backrest
- Forward chaise lounge seating with armrests integrated into console with dry storage, (2) large cup holders, grab handles, and (6) rod holders
- Leaning post with (5) rod holders, (5) large cup holders, custom tackle system including cutting board, knife holders, tackle storage
- Custom port and starboard tackle storage systems with Plano® storage and leader holders
- Fiberglass entry door to console with heavy duty stainless steel locking door hardware
- Electric porcelain head plumbed to holding tank with overboard discharge
- Large cup holders on helm (2)
- Glove box at helm with USB charging outlet and 12V plug
- Edson® polished stainless comfort grip wheel with tilt and power knob
- Dash accommodates (2) 17" screens
- Hinged console helm station for easy access to the backside of helm for electronics and rigging
- Helm seating with flip up bolsters, arm rests, and (2) cupholders
- Windshield wiper
- Elevated helm station
- Compass, flush mounted at helm

STANDARD FEATURES

BOAT SYSTEMS

- Pressurized transom live well with custom Caymas acrylic lid, dual fill with adjustable drain and overflow, painted blue
- Hooker® sea chest live well system: (2) 2500 GPH variable speed Hooker® pumps and helm control knobs with custom high-speed pickups port & starboard
- Windless with custom anchor and bow roller
- Custom fuel manifold valve systems above deck for easy access and operation
- 7" digital engine gauge for engine package
- Push button start for engine ignition
- Electric trim tabs with LED control at helm station
- Stainless steel push-button switches with custom backlit acrylic panel
- Battery chargers located in leaning post
- Battery distribution panel in leaning post with remote battery switches and charging relays
- Circuit breaker protected tinned wiring and custom panel with ignition key switches inside console
- LED anchor light and navigation lights integrated into hard top
- LED cockpit courtesy lights
- LED interior console lights
- LED compartment lights
- LED livewell lights
- LED under gunnel lights
- Aft (4) 1500 GPH bilge pumps connected to automatic float switches and manual operation through stainless steel dash switches
- Mid-ship (2) automatic bilge pump
- Deck pump-out for holding tank
- Whale® Gulper Grouper macerator pumps (6) for all insulated in-deck storage boxes
- Freshwater washdown, in midship with integrated hose holder and in anchor locker
- Stainless steel props

COCKPIT

- Recessed stainless steel bow rail
- Self-bailing cockpit with (4) large cockpit scuppers and custom stainless steel Caymas branded cover plate
- Stainless steel lid pistons on floor deck hatches
- Friction hinges on-above deck hatches
- (6) GEMLUX® Bluewater rod holders in gunnel
- (4) GEMLUX® Bluewater rod holder/cup holder combos at bow
- (5) GEMLUX® Bluewater rod holders at transom
- Under gunnel rod storage
- Starboard tackle storage with fire extinguisher
- Port Integrated trash can with fire extinguisher
- Port and starboard bow under gunnel storage
- Bow port and starboard storage boxes with LED lights
- Insulated transom storage boxes port and starboard
- Custom white Sunbrella Horizon marine upholstery for console chaise lounge, integrated bow folding seats, coaming bolsters, and cockpit cooler seating
- Raw water washdown with integrated hose holder

DECK & HULL

- Stainless steel 10" pop-up cleats (8) - stern, mid-ship and bow
- Stainless steel through hull fittings
- 316 stainless steel hardware
- Integrated 4 step ladder
- Finished hatch lids on both sides and include stainless steel compression latches, lid seal gaskets and gutter drains
- Aluminum backing plates glassed in for seats, cleats, rails, rod holders and tops
- Custom stainless steel rub rail

BOAT SYSTEMS

- Pressurized transom live well with custom Caymas acrylic lid, single fill with adjustable drain and overflow, painted blue, high speed pick up w/ 1100 gph pump
- 7" digital engine gauge for engine package
- Push button start for engine ignition
- Stainless steel push-button switches with custom backlit acrylic panel
- Battery chargers located in leaning post
- Battery distribution panel in leaning post with remote battery switches and charging relays
- Circuit breaker protected tinned wiring and custom panel with ignition key switches inside console
- LED anchor light and navigation lights integrated into hard top
- LED cockpit courtesy lights
- LED interior console lights
- LED compartment lights
- LED livewell lights
- LED under gunnel lights
- Aft (4) 1500 GPH bilge pumps connected to automatic float switches and manual operation through stainless steel dash switches
- Mid-ship (2) automatic bilge pump
- Deck pump-out for holding tank
- Whale® Gulper Grouper macerator pumps (2) for all insulated in-deck storage boxes
- Stainless steel props

COCKPIT

- Recessed stainless steel bow rail
- Self-bailing cockpit with (4) large cockpit scuppers and custom stainless steel Caymas branded cover plates
- Stainless steel lid pistons on floor deck hatches
- Friction hinges on-above deck hatches
- (6) GEMLUX® Bluewater rod holders in gunnel
- (5) GEMLUX® Bluewater rod holders at transom
- Under gunnel rod storage
- Starboard tackle storage with fire extinguisher
- Port Integrated trash can with fire extinguisher
- Port and starboard bow under gunnel storage
- Bow port and starboard storage boxes with LED lights
- Insulated transom storage boxes port and starboard
- Custom white Sunbrella Horizon marine upholstery for console chaise lounge, coaming bolsters, and cockpit cooler seating
- Raw water washdown midship with 25' coil hose

DECK & HULL

- Stainless steel 10" pop-up cleats (8) - stern, mid-ship and bow
- Stainless steel through hull fittings
- 316 stainless steel hardware
- Integrated 4 step ladder
- Finished hatch lids on both sides and include stainless steel compression latches, lid seal gaskets and gutter drains
- Aluminum backing plates glassed in for seats, cleats, rails, rod holders and tops
- Custom stainless steel rub rail

401 CC

CONSTRUCTION

- Patented Michael Peters double Stepped V Ventilated Tunnel (SVVT) running surface
- Limited lifetime hull warranty
- 3-year limited component warranty
- Integrated aluminum mounting blocks molded into stringer system for an optional gyroscope stabilizer
- 100% composite construction - no wood
- Tri-core composite transom
- High performance resin and barrier coat
- Hull hand laid fiberglass construction with foam core
- Zero-flex fully foamed finished stringer system with integrated chase tubes
- Premium gelcoat, Pure White, with UV inhibitors
- Fiberglass deck with integrated gutter system and self bailing cockpit
- Custom nonskid walking surfaces
- Fuel tanks (3) 5052 aluminum
- Plumbing and electrical systems factory tested
- NMMA Certified / Yacht Certified to ABYC Standards

CONSOLE/HELM

- Fiberglass hardtop with integrated powder coated aluminum supports, aft and fwd facing Lumitec® spreader lights, (8) rocket launchers, overhead electronics pod with storage, molded in radar pod and (6) overhead lights, easy access pass through hatch, (4) speaker pods, and 3-sided custom glass windshield with electrically actuated windshield vent
- JL® Marine MM105 AM/FM, Bluetooth, NMEA 2000 stereo with (10) speakers and (2) subwoofers
- Forward chaise lounge seating with armrests integrated into console with dry storage, 15 gallon cooler, (2) large cup holders, grab handles, and (10) rod holders
- Leaning post with (5) rod holders, (6) large cup holders
- Custom port and starboard tackle storage systems with Plano® storage and leader holders
- Fiberglass entry door to console with heavy duty stainless steel locking door hardware
- Electric porcelain head plumbed to holding tank with overboard discharge
- Fiberglass sink vanity with retractable handheld wand and Corian® countertops
- Powder coated console steps for easy access into console
- Custom rod storage inside console
- Large cup holders on helm (4)
- Glove box at helm with USB charging outlet and 12V plug
- Edson® polished stainless comfort grip wheel with tilt and power knob
- Dash accommodates optional (3) 17" screens or (2) 22" screens
- Hinged console helm station for easy access to the backside of helm for electronics and rigging
- Helm seating with flip up bolsters and arm rests
- Windshield wiper
- Elevated helm station
- Compass, flush mounted at helm
- Teak flooring for inside of console and stair treads

STANDARD FEATURES

- 35 gal. starboard-side transom livewell with 1100 GPH pump and high-speed pick-up
- Central manifold drain system w/shut-off valves
- 4 gpm raw water washdown pump
- (2) 1500 gph bilge pumps (1 automatic, 1 manual)
- Mid-ship 500 gph automatic pump
- Large fish box with macerator pump
- 6 gauge trolling motor wiring harness
- Battery switch
- Circuit breaker protected tinned wiring
- Electric trim tabs with LED indicators
- LED anchor light and navigation lights integrated into hard top
- LED cockpit courtesy lights
- LED interior console lights
- LED compartment lights
- LED livewell lights
- LED under gunnel lights
- Factory installed outboard engine of choice with engine gauge
- Stainless steel push-button switches with backlit LED indicator lights
- Trolling motor battery trays (36v)
- AGM engine battery
- Stainless Steel Prop

COCKPIT

- Custom aft bench seat with cushion and folding backrest and removable fiberglass storage bin
- 2 stainless steel cup holders at aft bench
- Under-gunnel rod storage
- 2 lockable rod storage lockers - port and starboard
- Raw water washdown station conveniently located under gunnel
- Stainless steel lid-latches with stainless steel striker plates
- Self-bailing cockpit with custom non-skid decking

DECK & HULL

- (7) 8" thru-bolted stainless steel pull-up cleat
- 4 gunnel mounted stainless steel rod holders
- Aluminum backing plates glassed in for seats, cleats, rails, rod holders & tops
- Anchor locker with integrated anchor holder
- Completely finished fiberglass lids, boxes, doors, and bilge area
- Heavy duty rub rail with stainless steel insert
- Aluminum backing plates glassed in for seats, cleats, rails, rod holders & tops
- Custom stainless steel rub rail

STANDARD FEATURES

CONSTRUCTION

- Patented Michael Peters double Stepped V Ventilated Tunnel (SVVT) running surface
- Limited lifetime hull warranty
- 3-year limited component warranty
- 100% composite construction - no wood
- Tri-Core composite transom
- High performance resin and barrier coat
- Hand-laid fiberglass hull
- Zero-flex fully foamed finished stringer grid system with integrated chase tubes
- Premium gelcoat, Pure White, with UV inhibitors
- Fuel tank 5052 aluminum
- Plumbing and electrical systems tank tested
- NMMA Certified / Yacht Certified to ABYC Standards

CONSOLE/HELM

- Custom fully finished fiberglass console with large access door
- Custom console with recessed footrest and storage box
- Porta Potti
- Edson® stainless steel comfort grip steering wheel with power knob and tilt steering
- SeaStar hydraulic steering
- 8 stainless steel vertical console rod holders
- Convenient USB port in console storage box
- Pro series color-matched fiberglass leaning post with custom flip-up bolster seats and backrest, 4 rod holders and 2 stainless steel cup holders
- Front of console has built-in cooler with seat cushion and backrest
- 12 Volt accessory plug
- Dash accommodates optional (2) 12" screens of most brands or (2) 16" Garmin screens
- Voyager compass surrounded by custom Surf Turf mat
- Surf Turf mat on helm step pads and top of cooler (if equipped)
- Surf Turf flooring inside of console
- Tempered glass windshield with powder coated frame
- Stainless steel console grab rail
- Teak flooring for inside of console and stair treads

FIBERGLASS LIMITED LIFETIME WARRANTY

Caymas Boats, LLC provides the following Limited Lifetime Warranty to the original retail owner of a new Caymas Boat. This warranty provides the owner with specific coverage against defects in materials or workmanship and notes the owner's responsibilities in maintaining and operating the boat. This warranty provides you with specific coverage and notes your responsibilities in maintaining and operating your boat. Please take the time to read and become familiar with this warranty.

The boat must be warranty registered by the dealer via the Caymas dealer portal within thirty (30) days from the original retail purchase date before any warranty request can be processed.

Period of Warranty

Any new Caymas™ boat purchased for non-commercial use from any authorized Caymas Boat dealer in the continental United States by the original retail purchaser will be warranted for as long as the original owner owns the boat against major structural defects in material or workmanship in the hull, stringers and transom and also have a component warranty for the warranty periods specified herein.

Component Warranty

Some factory installed parts and component Warranty Period is three (3) years from the date of purchase subject to the limitations as outlined below. This component warranty may not be transferred to a second purchaser even during that three (3) year period. These parts include, but are not limited to:

- Carpet defects
- Steering helm, cylinder, hoses and cables
- Aeration pumps, valves and timer
- Boat electrical system

Defects in the exterior cosmetic gelcoat finish (cracks or crazing) and upholstery: Warranty period runs one (1) year from the date of delivery to the original retail purchaser. Repairs will only be authorized after Caymas Boats is satisfied that there is a defect in material or workmanship.

Obtaining Repairs Under Warranty

During the period of warranty, Caymas Boats or its authorized representative will, free of charge, repair or replace, at its sole discretion, any part adjudged defective by Caymas Boats due to faulty workmanship or material from the factory provided the original owner returns the boat, with transportation prepaid, to the selling dealer or, if necessary, to the Caymas Boats factory or any other reasonable place designated by Caymas. The liability of Caymas Boats shall in no event exceed the actual cash value of the covered item. The boat owner will be responsible for all transportation, haul outs, loss of time, inconvenience, travel expenses, loss of use, launch, towing, storage and other expenses incurred in returning the boat for warranty service. All parts replaced under warranty shall become the property of Caymas™ Boats.

Exclusions From Warranty

This warranty will not cover the repair of damages as a result of abuse, alteration, modification or neglect, such as, but not limited to: modification of original parts, abnormal strain, lack of proper maintenance and off-season storage described in the owner's manual, acts of God, damage as a result of accidents, collisions, contact with foreign materials, improper trailering, submersion, unreasonable use, etc.

OUR TEAM

EARL BENTZ CEO AND FOUNDER

A Legend in the Industry

Earl Bentz literally grew up in the marine business. As a teenager, Bentz worked for his uncle, D. F. Jenkins, at his marine dealership in Charleston, South Carolina. Boat racing captured his imagination, and at age 16, Bentz drove in his first race, piloting the Blue Goose in an event on Lake Murray. Racing quickly became Bentz's passion, and he eventually became a nine-time National and two-time World Champion.

In 1975, Bentz accepted a position working with Hydra-Sports, a leading boat manufacturer in Nashville, Tennessee. It was during this time in his career that he became the first person to drive a bass boat powered by a V-6 outboard motor. In September 1983, Bentz resigned from Hydra-Sports to become President and founder of his first boat manufacturing company, Stratos Boats.

Under Bentz's direction, Stratos quickly became a leader in the fiberglass fishing boat industry. After Bentz sold Stratos to Outboard Marine Corporation (OMC) in January of 1987, he

remained as President. Under his leadership, the OMC Fishing Boat Group became the world's largest producer of fiberglass fishing boats.

In May of 1996, Bentz founded Triton Boats, a premium line of saltwater and freshwater fishing boats. In 2005, Triton Boat Company was purchased by Brunswick Corporation and Bentz continued to serve as Triton's Founder and Chief Executive Officer until 2018.

In September 2018, Bentz founded Caymas Boats. Over the course of his fifty year career in the marine industry, Bentz has also contributed his time and expertise to the industry by serving on the Board of Directors of the National Marine Manufacturers Association, the National Association of Boat Manufacturers, the American Sportfishing Association, and the Boating Partnership Council.

ADAM ADKISSON PRESIDENT

ADAM ADKISSON has been an outdoor enthusiast since childhood and has always had a passion for fishing and hunting. Adam is a native Tennessean, growing up in Oak Ridge and attending the University of Tennessee. Adam has more than two decades in the marine industry. Following a successful career as a consultant and contractor, it was an easy decision for Adam to join Brunswick Boat Group in the early 2000s in Knoxville as an Integration Manager.

As someone who always aspires to learn more, Adam joined Triton Boats as the Supply Chain Director and moved his wife, Gwen, and two young children, Wayland and Caylee, to middle Tennessee in 2005. Triton Boats was the perfect fit for Adam, an avid angler who frequently fished tournaments in freshwater and saltwater. Once at Triton, Adam quickly became integral to the core Triton leadership and rapidly advanced to Vice President of Sales and Marketing.

TODD FALK VP SALES & MARKETING

TODD FALK joined the Caymas team in February of 2020. As a lifelong boater, fisherman, and outdoor enthusiast, Todd is passionate about the marine industry. He obtained his USCG Captains' license (Master-Mate 100 ton) at the age of 18, and spent most of his high school and college summers boating and fishing the waters of South Florida and the Bahamas. He received his undergraduate degree in mechanical engineering from Vanderbilt University in 2002, and worked as a project manager in the construction industry for 3 years before returning to Vanderbilt to complete his Masters in Business Administration.

When the chance to join Caymas Boats arose, Todd eagerly jumped at the opportunity to combine his passion for boating and fishing with his business experience. Todd serves as Vice President of Sales and Marketing, and is actively involved in new product development and design. Todd resides in Nashville, TN with his wife, Amelia, and their two sons, Fletcher and Jackson. They can be found on the lake, at the farm, or on the water between Stuart and Ocean Reef Club.

OUR FACTORY

Founded in 2018, our factory in Ashland City, Tennessee, is dedicated to the distinguished design and meticulous construction of the highest-quality custom fiberglass fishing boats in the world. Caymas Boats' build team consists of some of the most highly experienced craftsmen in the industry—men and women who share a passion for creating a superior product.

Our founder, Earl Bentz is a marine industry veteran with more than four decades of experience designing and building high-quality boats for both the inshore and offshore application. With an average of 30 years of experience in fiberglass manufacturing, our development team strives to provide our customers with a dry ride, maximum speed and comfort, superior safety and effortless performance.

Caymas Boat owners experience unmatched performance and function, through the use of exceptional materials and the latest marine technology. Our commitment to outstanding customer service and support is unrivaled, and stands proudly at the forefront of our mission. We strive to build the most superior freshwater and saltwater boats on the market, providing fishermen and their families with a lifetime of great memories, and a phenomenal ride along the way.
